

Professor of Technology, Ethics, and Poverty

Location: Notre Dame, IN

Open Date:

Feb 23, 2023

Deadline:

Description:

The University of Notre Dame's Keough School of Global Affairs in conjunction with the Notre Dame Technology Ethics Center invites applicants for a tenure-track (open rank) professorship focused in the area of technology, ethics, and poverty. The ideal candidate will have a strong research agenda focused on the ethical issues related to (i) the impact of technology on poverty and inequality, and (ii) the use of technology to address these issues. Areas of particular interest include, but are not limited to, a focus on lower income countries, the technological divide, and issues related to climate change and the environment. For an accomplished senior candidate, an endowed chair would be considered.

Competitive candidates for this professorship will have a strong scholarly track record with evidence of high-quality research as well as policy engagement in global and national discussions on ethical issues on the use of technology. Applicants should demonstrate evidence of national and international prominence in their academic field and among policy-makers and practitioners. Scholars with direct experience working on policy with governments, international organizations, or non-governmental organizations are encouraged to apply. The successful candidate is expected to provide leadership in the Keough School in all dimensions of research, teaching, and service.

The professorship will be based in the Keough School (<https://keough.nd.edu>), which advances integral human development through research, policy and practice, transformative educational programs, and partnerships for global engagement. It promotes interdisciplinary research on critical issues in global affairs. The successful candidate will be appointed as an affiliated faculty member of Notre Dame's interdisciplinary Technology Ethics Center.

Qualifications:

Through research, policy and practice, transformative educational programs, and partnerships for global engagement. It promotes interdisciplinary research on critical issues in global affairs. The successful candidate will be appointed as an affiliated faculty member of Notre Dame's interdisciplinary Technology Ethics Center.

Qualifications:

To apply, visit <https://apptrkr.com/3935324>

This appointment is contingent upon the successful completion of a background check. Applicants will be asked to identify all felony convictions and/or pending felony charges. Felony convictions do not automatically bar an individual from employment. Each case will be examined separately to determine the appropriateness of employment in the particular position. Failure to be forthcoming or dishonesty with respect to felony disclosures can result in the disqualification of a candidate. The full procedure can be viewed at <https://facultyhandbook.nd.edu/?id=link-73597>.

Equal Opportunity Employment Statement

The University of Notre Dame seeks to attract, develop, and retain the highest quality faculty, staff and administration. The University is an Equal Opportunity Employer, and is committed to building a culturally diverse workplace. We strongly encourage applications from female and minority candidates and those candidates attracted to a university with a Catholic identity. Moreover, Notre Dame prohibits discrimination against veterans or disabled qualified individuals, and requires affirmative action by covered contractors to employ and advance veterans and qualified individuals with disabilities in compliance with 41 CFR 60-741.5(a) and 41 CFR 60-300.5(a).
