

EDMOND J. SAFRA Center for Ethics

Postdoctoral Position

The Edmond J Safra Center for Ethics at Harvard University is seeking a key team member at the postdoctoral level for a new two-year project. This project will focus on how the concepts of population and ancestry are used across science and social science disciplines, and how they should be used. We are seeking a postdoctoral researcher with a background in social science methodologies and a keen interest in the intersection of questions of race and justice to join this project. The successful candidate will work alongside a core team with expertise in genetics, ethics and bioethics, with input from a working group encompassing a wide array of experts. For more information, visit <https://ethics.harvard.edu/polygenic-science-ethics-and-policy>.

Fellow-in-Residence Program

The Edmond J. Safra Center for Ethics at Harvard University invites applications from a broad range of researchers and practitioners who will work over the course of the year on pressing issues in ethics. Faculty in arts and sciences and professional schools, postdoctoral scholars, practitioners, and researchers from industry, government, and NGOs are eligible to apply. Applicants must have a PhD, professional degree, or a minimum of 5 years of equivalent professional experience. Applicants from any discipline or professional field will be considered. Those who have previously held a yearlong residential Fellowship at the Center are not eligible; this limitation does not apply to former Undergraduate Fellows or former Graduate Fellows. The Fellows-in-Residence Program runs the course of the academic year, typically from the beginning of September through the end of May, and is open to all applicants who meet the above criteria, regardless of citizenship. More information is available at <https://ethics.harvard.edu/fellows-in-residence>.
